Dear King Members, Friends, and Family:

As I reported yesterday, our state shattered its daily record for COVID-19 deaths and cases yesterday. Sixty-four deaths and 5,262 cases of COVID-19 is the most in a single day since the pandemic began. This is truly disheartening.

In spite of the uneasiness that comes with this sort of news, I continue to be very proud of the staff here who are truly dedicated to the people who live here at King.

Currently, 45 of our 423 residents and 34 of our 700+ employees are positive for the coronavirus. This is three more members and 5 more staff since yesterday. Please know we continue to follow all infection control protocols and do all we can to prevent spread,

Of course, as always, I ask again that you protect yourself by staying home when possible, maintaining six feet of distance from others when you must go out, wearing a mask, and washing your hands regularly. Please do all you can to keep yourself and your family safe and healthy. Thank you!

Sincerely,

A handwritten signature in black ink that reads 'T. Servatius'.
